

CHAPTER 9

9.10 Public Information Procedures

All items written for the purpose of publication must bear the signatures of principals of both the affected school and the school to which the author is assigned.

The principal and superintendent both shall reserve the right to append, amend, or delete any or all parts, or in its entirety, any or all items for publication.

Personnel assigned public information duties are expected to familiarize themselves with all policies of Marshall County Schools and to follow them without exception. Personnel so assigned should particularly note policies 9.1 and 9.4.3.
