Voting aye: President Miller, Members Coffield, Kestner, and Dr. Miller. Vice President Robison abstained. Motion carried.

Karen Klamut reviewed assessment data with the Board. Overall in the State of WV, 34 Districts improved their scorecard points on Math performance. Marshall County Schools was one of them. We had a 33.7% increase from last year in Math.

Seven Schools in Marshall County met their annual targets set by the State and that is to be celebrated:

Cameron El - Math  
Central El - Math  
Glen Dale El - Math  
Sand Hill El - Math  
WL - ELA  
CHS - ELA, Math, Grad Rate  
JMHS - Grad Rate

Our attendance rate only saw a drop of half a percentage point from last year. The attendance director has already made contact with the schools involved and has set up incentive and attendance teams to work with individual students and families to address attendance issues.

Dr. Haines presented an attendance status report. She will be presenting attendance initiatives to the board on a regular basis. The attendance director will be meeting with four schools that did not meet the attendance target as set by the West Virginia Department of Education.

Mike Price presented a construction update. The updates as delineated through the operating levy at Cameron Elementary School are on track to be complete by mid-November. At the school there have been renovations to the HVAC, safety in the entry of the school and classroom walls and doors. The final phase of the project is to evaluate the intercom system to ensure that safety needs are met.
