Motion by Mrs. Kestner, and seconded by Dr. Miller, that the payment of bills under General Funds (attached), as audited and approved by the President and Superintendent, be approved and ordered paid. Motion carried.

Motion by Mrs. Kestner, and seconded by Dr. Miller, that the payment of bills under Direct Annuity Deposit Funds (attached), as audited and approved by the President and Superintendent, be approved and ordered paid. Motion carried.

Mr. Bob Wilson and Mr. Wendt presented a metal sign with the Marshall County Schools Logo that was created by the Career Technical Education students and teachers. Teacher Joe Wendt, along with students Jordan Rader and Cheyenne Mercer presented the sign to the Board.

Erin Cuffaro, Special Programs Director, updated the Board stating the new special education classrooms and additional staff have been extremely beneficial to our growing special education population. Our referrals continue to increase. It is helpful that our schools have built in intervention blocks to provide extra support for our struggling students. This year Marshall County has put a big focus on Tier II support for our PBIS Programs. Mental Health Referrals are currently at the highest that we have seen before.

Motion by Mrs. Kestner, and seconded by Dr. Miller, that the Board approve the Budget Revisions FY22. Motion carried.

Discussion:

Mrs. Hartley reviewed the Financial Statement ending January 31, 2022.

Superintendent's Reports:

We have two great groups of employees to celebrate. The first are our school counselors. This week is Counselor Appreciation Week. The levy has allowed Marshall County Schools to have so many counselors in our school system and they work very hard every day. The pandemic has not been easy on our students mentally, emotionally or physically. So many of our counselors go above and beyond to make sure that the needs of every student are met. The second group of people that we honor this month are the Career Technical Education Teachers. Dr. Haines personally feels that CTE is one of the greatest dropout prevention programs that an education system can offer. These teachers connect with areas of future employment for students and encourage them to stay in school as well as become productive members of our society.

Dr. Haines wanted to honor Mike Price and the maintenance crew. They along with many administration, professional personnel and service personnel have worked tirelessly since the ice began on Thursday. Everyone must understand that the call to close school is made with the input from many and is not a decision that is taken lightly. At this point, we have two Remote Learning days left that we can use before we start making days up in the calendar. At 11:30 am today, AEP reported that 90% of customers have power restored.

We have been monitoring the current legislative session and working in conjunction with the WWSBA and the WVASA. Dr. Haines sends out weekly updates to the board and administration on bills that are being run and their status.

Motion by Mrs. Coffield, and seconded by Vice President Robison, that the meeting be adjourned. Motion carried.

President Miller adjourned the meeting at 8:10 p.m.
